2. Under the Accelerated Scheme, the number of new wells in progress upto the end of January 1948 was 18,263. Similarly under the Ceded Districts Modified Scheme, out of 1,962 new wells for which subsidies were sanctioned, only 168 new wells were completed upto January 1948, leaving a large balance of 1,743. The extended time for the completion of wells under these schemes expire by 30-6-1948. The Board of Revenue is requested to issue special instructions to the Collectors asking them to impress on the ryots that the works should be completed before 30-6-1948, that no more time will be granted to them for the completion of the wells and that if they fail to do so, the amount advanced would be recovered.
